*Dear Gov Cooper,*

*As a supporter of your campaign way back when we went to Gene McLaurin's for your big fundraiser, and as someone who has encouraged you to continue the good fight for our precious environment, I now ask that you:*

***deny state permits for the ACP with its horrible fracked gas, and support solar and batteries instead.***

*Please do this for the people and the rest of God's good Creation.*

*Thanks.....from your ongoing supporter,*
